

South Jersey Rally Scene - Past, Present, Future

- Written by: Jim Wakemen, Sr.

The Past: When I started rallying in 1966 there was a very active rally life in South Jersey. There were 7 clubs putting on rallies. They were the SJR-SCCA, Lakes Sports Car Club (SCC) in Medford Lakes, Chicane SCC in Pitman, Harbor SCC in Ocean City, Centaur Mustang Club in Maple Shade, and South Jersey SCC. Each club annually held 8 to 10 rallies making as many as 70 local rallies per year.

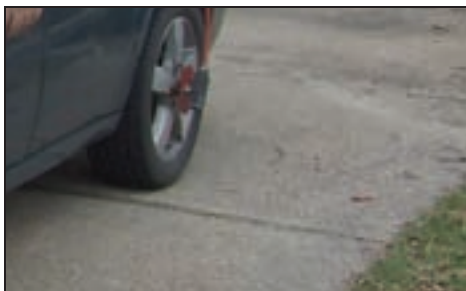

The New Jersey Council of SCCs held an annual championship series comprised of 1 rally from each of 10 clubs statewide split about evenly between clubs in north and south NJ. There also was a Southern Division of the NJ Council.

The Southern Division held a separate championship comprised of 14 rallies with each club sponsoring 2 rallies annually. It wasn't unusual to run a Saturday night rally and say to your competitors, "see you tomorrow" at the next rally.

Rally Scene (Continued from p.1)

- Written by: Jim Wakemen Sr.

Gradually all the other clubs ceased to exist. Rallying stopped occurring in the area sometime in the 1980s or 90s. In 2003 Philadelphia Region reintroduced rallying to the Tri State area of PA, DE and NJ. They began the Tri State Championship rally series. The name changed to the **Mid-Atlantic Rally Series (MARS)**. In 2005 the SJR re-entered the rally scene by sponsoring 2 rallies and entering them in the MARS series. In 2006 the SJR held a full rally series consisting of 8 rallies and designed to determine champions in 4 classes. Three of the SJR rallies were also MARS events.

The Present: The MARS series was held in 2006. In 2006 the North East Division of the SCCA counted points for finishing position in all rallies held in the North East Division. Several members of the SJR-SCCA made good showing in the SJR series the MARS series and the NESCCA series. **Jim Wakemen Sr.**

was first driver in both the MARS (class E) and NESCCA series. **Pete Chezik** was first Driver class S in both the SJR and MARS series as well as 4th Navigator in the NESCCA. This is Pete's 3rd MARS championship. **Sue Mehlman** was 2nd Driver class S in both the SJR and MARS series and tied 14th Driver in NESCCA. **Brian Gomez** was 3rd Driver in SJR's class S. The navigators did well also. **Jim Wakemen Jr.** finished 2nd Navigator in MARS class E and 3rd navigator in NESCCA. **Harry Mehlman** was 2nd class S Navigator in SJR and 3rd Navigator in class S in MARS as well as 14th Navigator in NESCCA.

The Future: The 2007 rally events have already begun. The SJR started on Feb 11th with our Snowflake Rally and will have 9 rallies leading to declaring South New Jersey champions in six classes. The series will simultaneously hold course and touring rallies.

New this year we will have a Great Race Class on all our rallies. The Snowflake will feature the "onto" rule on its course segment. More information is available on SJR web site (www.sjr-scca.org).

The MARS series kicks off their 2007 season with the SJR's South Jersey T Party rally on March 11th. More information can be gotten at www.midatlanticrallyseries.com.

The NESCCA is again counting points from all rallies held in the NE Division. A new way to determine the National champions is being instituted this year.

They will count points for all rallies held in the entire country. That means when you enter an SJR event you will be scoring points in the SJR series, the NESCCA championship and the National Championship. Three of the SJR rallies will also get MARS points for the entrants.

Awards Banquet - 2006

- Written by: David Hess
- Photos by: Gayle Hess

Sports car enthusiasts have a difficult time staying still. They like to be active, engaging in an activity that stimulates the mind and challenges the body, pressing against the limits of machine and man. Perhaps an awards banquet isn't the favorite place to be on a Saturday night, it's certainly not "racing", however we were able to share our passion for everything sports car and support one another during the winter doldrums that is commonly referred to as the "silly-season".

For some, our cars are like a part of the family. Some even have names. When we

leave these transportative devices behind, it's like leaving a part of ourselves behind. It takes either good food and drink, the promise of good comraderie, or a piece of wood and metal, affirming our worth to this club, to allow ourselves to forget about our gleaming, four wheeled devices outside, unattended.

During the awards banquet there were a few who the results, can at times, produce anti-social tendencies. Some may think it's just the result of visiting the cash bar a few too many times, but we know better. It's not only the silly season, known to non-sports car fans simply as winter-time, but to us it's not just cold and dark, but a time that deprives us from driving our vehicles like they were meant to be driven - hard.

As this silly-season comes to an end, and the first rallies, solos, racing events, and PDXes are held, may we remember how good we have it. We live in a free nation, where we can express ourselves, not just with the type of car we drive and how we drive it, but also how we express ourselves to our friends and family.

The folks in the South Jersey Region are friends and family who are always interested in sharing their driven lives with both old and new friends, alike. We look forward to seeing you at the next event and/or meeting. Please check on p. 3 for an extensive listing of events.

Listed below are some of the award recipients:

John Borden presented the Solo Driver of the year award to Michael Allenbaugh.

Jim Tornetta presented Regional Executive Awards to, Matthew Tornetta and David Hess.

JD King presented Tom Smith with the Dave Rose Sportsman award. Tom expressed his sincere thoughts about receiving such an honorable award. Especially since this award is only presented when someone displays uncommon selflessness toward fellow racers.

Meg Meyer was presented with an Activities Director Support Award for her unparalleled assistance during the 2006 N.E. Division Convention.

Andre Downey was awarded, "Worker of the Year", for his contributions within the Solo program, specifically for his constant, tireless and creative course design efforts.

Scott Boito was recognized for his efforts in the Solo program for his role as worker chief. Scott assigns and keeps track of all the worker stations.
