Have you ever wondered when and how those very unusual [Devil in the Dark](#) 12-Hour overall winner trophies were created and manufactured? Well here's the story, or as much of it, that I was able to come across.

It seems that at our very first Devil in the Dark (DITD), Don Fauerbach, Corporate & Community Affairs Officer at New Jersey Motorsports Park (NJMP), was approached to see if he knew someone who could create an out of the norm trophy that we could present to the overall winner(s) of that event.

Tune in and join your hosts Bill VonSuskil and Geoff Hall of the South Jersey Region SCCA on WVLT 92.1 FM.

Summer is here, and racing season is in full swing, so join the guys for *The Racing Line with Bill & Geoff* every Tuesday night..

7:00pm to 8:00pm

**On WVLT 92.1 FM
The Cruising Good Guys.**

They also live stream on www.wvlt.com or download the app (Tunein Radio) or click on their photo below, and listen to the show on their podcast.

They are also looking for sponsorship. So if you have a business, and would like some weekly radio advertising, give Bill VonSuskil a call at:

Don knew of just such a person who was a highly skilled metal fabricator and who, also, has created trophies for the Road Mods community. His name is Kenny Smith.

I contacted Kenny to find out just how he comes about putting together such unusual works of art. He told me that when he was a student at Deptford High School, he took up a welding class. After graduation he went to work in a steel shop and through his creative juices started doing this type of art.

According to his good friend, TJ Kenny, owner of [TK Autosports](#), which by the way is now located at the Millville Airport, Kenny would take his art to various craft shows, etc. TJ went on to tell me that Kenny gave most of his art away. Never expecting anything in return.

Getting back to Kenny Smith, he let me know that when Patrick Dempsey first raced at NJMP, he created a special work of art just for Patrick. Kenny went on to state that Patrick was most appreciative of his gesture.

At the first DITD the group that won that event overall was from Louisiana and they stated that they would be back the following year to win another one of Kenny's trophies. And they did!!

Kenny let me know that he thought that this year may be the last DITD trophy that he would create, as he has since retired from this line of work.

But he went on to assure me that he will be collecting scraps of metal, he still has his welding equipment, and he is looking forward to putting together a trophy for us for next year. Can't wait to see it!

Starting with this month's events, we are **NO LONGER USING DLB Racing** for registration for Club Racing.

We are also **NO LONGER USING AxWare** for our Solo event registration.

Moving forward, to better serve you, we will be using MotorsportReg for **ALL** of our events.

If you don't already have a MotorsportReg account, you will be prompted to create one as part of the registration process.

If you have questions about how to use MotorsportReg, please send an email to msrhelp@motorsportreg.com and they'll be glad to help you out.
