COMPETITOR INFORMATION

Drivers must complete their tech sheet including the page number from the appropriate spec book listing their car. You must have proof of registration to get a tech sticker. **NJ 62-3.6 requires all drivers to wear a full face helmet with a face shield - open face helmets and helmets without full face shields are prohibited; all other provisions of GCR 9.3.20.C.2 apply. NJ 62-3.7.c.1 specifies that seatbelts certified under SFI 16.1 or 16.5 expire on 31 December of the second year after the date of manufacture; all other provisions of GCR 9.3.19 apply.** Per Chapter 62, the NJMP staff and/or members of the New Jersey State Police (NJSP) may perform random tech inspections to ensure compliance with Chapter 62. You are required to comply with any such inspection and any finding of NJMP and/or the NJSP is final and not protestable.
2. **SCALES.** The scales will be available at the Tech Garage as listed in the schedule. At other times they may be available by contacting the Chief Scrutineer.
3. **CAR NUMBERS.** Car numbers will be assigned by the Registrar and verified at Tech Inspection. Three digit car numbers are not permitted without the approval of the Chief of Timing & Scoring. NJRRS preferred numbers will be honored until Monday, **8 August**. The size and contrast of numbers and class designations displayed on cars are subject to approval by Timing and Scoring. Because of the distance between Timing and Scoring and the track, large, clearly contrasting and well separated numbers are required.

Illegible, incorrect or improperly positioned numbers will result in a request from Timing & Scoring for correction. T&S will not be responsible for any inaccuracies that result from failure to correct a number after notification.
4. **TIMING & SCORING.** MyLaps/AMB Tranx260 Transponders will be used at this event. A limited number of rental units may be available; contact the Registrar for availability and cost. A working and charged transponder must be mounted on each car, with only one car registered for each transponder. It is the competitors' responsibility to notify Timing & Scoring of their transponder number by writing it on the T&S section of the entry form or by reporting to T&S in person. It is also the competitors' responsibility that their transponder is working AND charged sufficiently to be read by the MyLaps/AMB System. Non official timing lights may not be within 30 feet of the timing line. Timing and Scoring information on monitoring systems like Race Monitor and Race Hero, if in use, are unofficial and cannot be used to support a protest. There is NO guarantee that these systems will be available to competitors or other interested parties.
5. **PADDOCK.** Cars should be aligned in the paddock under the direction of the paddock marshals. No motorized vehicle may be operated by anyone not holding a valid state issued drivers license. Children must be under direct parental supervision at all times. Speeding and reckless driving in the paddock are strictly prohibited. All trash and hazardous debris must be disposed of properly or taken with you when you leave - the facility must be left as we found it. Remotely piloted air vehicles, sometimes known as drones, shall not be operated anywhere in the airspace over New Jersey Motorsports Park.

No smoking or alcoholic beverages are permitted in the pits. Tank tops and open toe shoes are prohibited in the hot pit area; shorts are prohibited over the wall in the Pit Lane. Minors under 16 are not permitted in the pits.
8. **QUALIFYING.** Timing and Scoring will time all cars on all laps during qualifying sessions. Cars without a working transponder may have missing or inaccurate lap times. All qualifying times, grids and provisional results will be posted in the Thunderbolt Classroom. The Saturday qualifying sessions will be used to grid cars for the Saturday qualifying races. SOUTH JERSEY REGION

SUPPORTS

The South Jersey Region of the Sports Car Club of America, Inc. dedicates its Summer Thunder races at New Jersey Motorsports Park on 12-13 August 2017 to **American Diabetes Association** to honor the passing of John Zackowski. John was the Widener University classmate/roommate of Max King, driver of car #39 SRF3. John was a junior political science and psychology double major at Widener and the president of the Alpha Tau Omega fraternity. The young men and brothers of Alpha Tau Omega have dedicated all philanthropy and fund-raising efforts to donate to the American Diabetes Association in the name of John. To date the fraternity has raised approximately \$2,000.00 for this cause. On 4 November 2017, these young men will be participating in the Step Out Walk for diabetes to donate all the money they have raised.

The highlight of this year's event is the lunch time drivearounds on Saturday and Sunday in an exchange for a monetary contribution to the American Diabetes Association. All signed-in participants in street legal vehicles may participate in the drivearounds which will start about ten minutes after the start of the lunch hour. The South Jersey Region extends an invitation to competitors and participants to add contributions. 100% of the contributions go to the American Diabetes Association in memory of John Zackowski.
