Traps by Controls: *Control 1 Right at each STOP only done when not redundant with Main Road.*
Control 2 Main Road switches upon completion of NRI even though may overlap.
Control 3 Dead End road makes Crossroad become Sideroad to determine Main Road.
Control 4 Cross Rd is same as Crossroad since Rd and Road used interchangeably and spacing doesn't matter.
Control 5 Go around "block" by Main Road to see Harasta before going Straight at Holgate second time.
Control 6 NRI Straight must be non-redundant with Main Road.
Control 7 Two Lefts at "Welchville", take course other than Main Road.
Control 8 Freebie with mileages to set up next leg.
Control 9 Can't go right at "Franzen" at mileage first time since redundant with Main Road.
Control 10 Main Road is Left at Crossroad at unusual Crossroad at Pinyard, Fitchhorn, and CR 604.
Control 11 SAP does not require you to leave Main Road and can do redundant Pauses.
